Key System Promises to Improve Land

Will Install Curbs on Key Route Boulevard

Word that curbs would soon be installed on Key Route Boulevard, along the Key System's right of way, was received by Mrs. C. E. North, 722 Key Route, early this week.

In a letter from William P. St. Sure, vice president of the transportation company, Mrs. North was informed that "Our Engineering Department has been given order to install curbs in accordance with your request, and this work will get under way very shortly. The curbs will be constructed from Santa Fe Avenue to Garfield Avenue, and we are confident that this project will effectively remedy the condition in question."

The news came in answer to a petition filed about a month ago by residents of the 700 and 800 blocks on the street, asking that something be done to make the company's property "less of an eyesore." Among the suggestions made by the local people were curbs, planting of shrubs or paving of the 50-foot strip of land.

ENGINEER CONFERS

Following the Key System's receipt of the petition, City Engineer H. I. Dygert held a conference with officials of the firm, it is said. He was informed that steps would soon be taken to alleviate the condition. The letter to Mrs. North carried first word of the actual plans.

Although pleased that some action is finally to be taken on improvement of the property, residents of the street feel that installation of curbs is but part of what they ask. One of their principal grievances, as stated in the petition, is that the strip is the source of weed seed that blows into their lawns and gardens, making the maintenance of the latter a difficult task.

Length of the property to be curbed is approximately a mile in this city. It was originally secured by the Oakland company to be used for tracks of an electric interurban line to Richmond. The plan was apparently discarded.

Albany Home Is Creosoted

Local police had under investigation this week a case of vandalism in which the freshly plastered interior of an uncompleted five-room house was daubed with creosote. The home, at 1130 Marin Avenue, is being built by J. J. Beatty, El Cerrito contractor, for Mr. and Mrs. John Yonke, 974 Kains Avenue.

The incident, according to police, was probably due to labor trouble as non-union plasterers were employed on the job. This is one of several such happenings in the East Bay during the past week-end. The local damage was done sometime between Sunday noon and Monday morning, it was reported.

Plans entertained by the Yonkes of moving into the home by Christmas, have been delayed by the destructive work. The family, which includes three children, has lived here for five years. The father is an employee of the Pullman Company in Richmond.

Friends Are Thanked

Thanks to her friends for the flowers and good wishes she received, Mrs. Jess R. Morris, 1004 Pomona Avenue, on her return from Merritt Hospital, Oakland. Mrs. Morris, wife of the commander of Leland Bergesen Post, V.F.W., underwent an operation and was confined to the hospital for several weeks.

Local Man Flies To Far East Job

Aboard the Philippine Clipper that winged its way out through the Golden Gate on Wednesday afternoon was a passenger from Albany, it is learned.

He was H. A. Meads of 830 Ramona Avenue, father of "Buddy" Meads whose sweet voice has been heard by thousands throughout the East Bay, and he was leaving on a six-month trip to New Zealand, via Honolulu and Guam, in the employ of Pan-American Airways-System.

Mrs. Meads and the couple's three children are remaining in Albany.

Holidays Are Unlucky for Oakland Man

When Richard W. Steward, 25, of 2425 Grove Street, Oakland appears before Judge J. Hardie in court next Wednesday night, he will probably have decided that hereafter he will stay out of Albany on Armistice Day. He will have to answer at that time on a charge of reckless driving, allegedly committed here on November 11, 1935, and will also be called on to face a drunken driving citation issued yesterday.

The latest arrest was made yesterday morning by Officer Kenneth Nickerson as Steward neared Solano and San Pablo Avenues after crashing into a car, hitting and breaking off a fire hydrant at Solano and Jackson Street, and smashing into a telephone pole. Unhurt by the series of accidents, Steward was taken to the local jail by Officer Nickerson and held in lieu of \$500 bail. He was later moved to the County Jail.

In 1935, police discovered, Steward was arrested by Albany officers and booked for reckless driving. Fined \$50, he paid \$16.50 on account and overlooked the balance. All attempts to find him later were futile. He is a bartender at a San Pablo night club.

The joint installation ceremonies of Leland Bergesen Post and Auxiliary No. 2658, Veterans of Foreign Wars, will be a colorful occasion next Friday night, according to present plans. The rites will be held in the Veterans Memorial Building.

Taking their posts at that time will be the following Auxiliary officers.

Some of the girls of this troop are practicing swimming preparatory to securing a first class badge and others are planning to take up archery in the near future.

C. E. Morris Ends 11-Year "Y" Term; To Join Local Auto Firm

Announcement of his resignation as secretary of the Albany Y.M.C.A., to become effective on December 1, was made yesterday morning by C. E. Morris, who has occupied the position for the past 11 years.

Word of his decision was given the board of directors of the organization through Harry I. Dygert, chairman.

Morris will become associated with the Norman Wolf Company, Inc., Ford distributor at 836 San Pablo Avenue, in the sales field, he revealed.

During his years of service to the community as director of the Y.M.C.A. activities, Morris has aided in the growth of an organization that is outstanding in the Bay district.

On his arrival in 1926, "Y" work took place in the building at 1148 Solano Avenue. Five years' effort on his part caused Berkeley officials of the Y.M.C.A. to aid in the erection of the Community Center Building, 921 Kains Avenue. The structure was occupied in 1931.

Twenty-one active clubs are now engaged in a varied program at the building and several have received National recognition for their work. One of the best known is the Albany First Aid Team which he directs. This group has made many public appearances since its inception.

Morris is the instructor for Berkeley and Alameda Red Cross classes in first aid and also teaches classes for Pan-American Air-Ways System. He was the second president of the local Rotary Club, served also as Rotary Secretary for four years and occupied the latter position in the Albany Chamber of Commerce.

"I greatly appreciate the cooperation of the various organizations and individuals in Albany that has been given the Y.M.C.A. and Community Center during my 11 years here. I hope that this spirit will be continued for the new secretary."

"I also hope to continue to serve the community as I have in the past," he said, disclosing that he will retain an active volunteer position at the "Y" to aid many of the departments he now heads.

Victor N. Robertson, assistant activity secretary of the Community Center at Clayton, Mo., is being considered to succeed Morris on January 1, 1938, according to an announcement from General Secretary John W. Berger of Berkeley. Robertson is a graduate of the University of Washington.

Bids Sought For P.O. Site

Seeking bids for a location for Albany's new post office, Postmaster Frank M. Whiting has posted advertisements with the specifications and other information pertaining to the building to be occupied. Notices are now posted at the Albany Pharmacy, 911 San Pablo Avenue, and at the main post office in Berkeley. Last date for filing bids is December 10.

Quarters to be selected must have an area of from 2250 to 2500 square feet, the bulletin advises, and must be located within a block of Solano and San Pablo Avenues.

A lease of either five or 10 years will be signed at the option of the bidder, to become effective as of March 1, 1938.

The new facility will bring to this city for the first time the opportunity of having mail postmarked "Albany" as it is sent, Whiting recently announced. James M. Casey, Albany resident and veteran post office employee, will be in charge.

Firemen Proud Of New Aviary, Donated Birds

Members of the local Fire Department are justly viewing with pride their completed aviary, located on San Pablo Avenue south of the fire house. Not a few persons passing by stop to admire the place and its feathered occupants.

Through the generosity of the Pet Shop, 622 San Pablo Avenue, two gray finches now live therein. Three golden pheasants were also donated by George P. Schaefer, who raises these birds at 2336 Fourth Street, Berkeley.

A canary was supplied by Mrs. Freda Brown of 731 Evelyn Avenue, while an anonymous donor in El Cerrito provided two pheasants.

These gifts are appreciated by the department and the donors have been thanked by the men and Fire Chief Carl Ahlgren and Assistant Chief John Riley.

Films Are Presented

Under the direction of A. L. Ford, president of the Albany Traffic Safety Commission, members of the Albany Rotary Club were shown sound films on safety traffic at their meeting Monday noon in the Memorial Building.

President Kenneth Glines presided at the session.

Mrs. M. Dever Dies Friday

Funeral services were held Monday morning for Mrs. Mary A. Dever, 73, from the chapel of the James J. Ellis Company Mortuary. Mass followed at St. Ambrose Church, with Rev. J. J. Hennessey officiating. Final interment took place at St. Joseph's Cemetery, San Pablo.

Mrs. Dever, who died Friday following a lengthy illness, was the widow of the late James Dever whose death occurred two years ago. A resident of this city for the past eight years, she lived at 625 Calhoun Street.

She is survived by three daughters, Mrs. Margaret Houser, Agnes M., and Mary Ellen Dever, and two sons, James P. and William Dever, of Albany.

Sales, Social Of Lutheran Aid Success

The garden and candy booth, both innovations in the sales and social held on Thursday, November 4, proved attractive lures to the 150 visitors who attended the fete given by the Lutheran Ladies Aid.

As a result of the affair, which was held at the Memorial Building, the sum of \$180 was added to the treasury of the group.

To celebrate the successful outcome of the project, a party is being planned for the group by Mrs. Caroline Schappner and Mrs. Leontine Liner at the latter's residence, 610 San Carlos Avenue.

The important part hymnology has played in the Lutheran Church was revealed by Rev. O. R. Janke at the last monthly meeting of the Aid. Mrs. H. Lusk of El Cerrito had her name added to the roster and Mrs. Laura Krueger was proposed as a new member. Twenty four members were present.

Mrs. Clara Hanson and Mrs. Ruth Elder were named as delegates to the East Bay Women's Council at the Zion Lutheran Church in Oakland on November 17.

The group is now looking forward to a Christmas party which will take the place of the regular meeting on Thursday afternoon, December 9. The hostesses will be Mrs. Esther Eichner, Mrs. Victoria Fardig and Mrs. Ruth Elder.

Mrs. Glenn Scott of Albany was recently a guest at the home of Miss Adena Hulteen of Escalon.

Hit-Run Driver Sought as Boy Is Struck Down

While police continue their search for the hit-run driver responsible for his injury, little Ralph Olson, 10, lies in Humboldt Hospital today suffering from a fractured left leg.

He was hurt Monday afternoon shortly after 4 o'clock as he attempted to cross San Carlos Avenue at Solano Avenue. A speeding car, he told police, swung around the corner and hit him before he could get out of its path.

In spite of the immediate response of Sergeant Charles Hardie, no trace was found of the vehicle. Apparently the accident was uninvestigated by passersby.

Ralph is a student at Marin School and is the son of Mr. and Mrs. Wendell Olson, proprietors of the drug store at 1395 Solano Avenue.

Gay Party Is Held for Aid At Christmas

Advance thanks from those will be aided by the proceeds of the affair, were expressed by Dr. Jane Faxson, chairman of the Associated Organizations of Albany, near the close of the carnival and dance given Wednesday night at the Norman Wolf Company on San Pablo Avenue.

"Thanks for attending," she said. "There's over twice as many here this time as there were last year. It's going to mean that Albany's needy families will be assured of a happy Christmas." The affair was serving to introduce the group's Christmas cans, soon to be placed in stores throughout the city, she also announced.

In charge of the enjoyable party was Mrs. Dorothy Frame, president of the Play Center Mothers Club. C. E. Morris, "Y" secretary, presented a program of entertainment. Tickets and finances were handled by Mrs. Beatrice Raymond, head of the Chamber of Commerce.

More than 350 persons attended, enjoyed the various concessions, and danced to the music of the two orchestras provided by the Ford dealer in whose place the affair was held.

Lucky winner of the used car given by the Murphy Chevrolet Company was Mrs. S. E. Tyler, 1707 Harmon Street, Berkeley. When donating the car Gerald Murphy jokingly guaranteed it to run "at least six blocks." At press time the guarantee has not been challenged.

Robert Morton, 14, of 710 San Carlos Avenue held the lucky ticket for the Paramount table radio donated by the Albany Radio Shop.

The committee in charge also voiced their appreciation to Villa's Market for giving merchandise that was used for awards.

Council Heeds Demands of Dog Owners for New Law

Ordinance Without "Leash" Clause to Be Presented for Consideration at Meeting Monday Night

A probable solution of Albany's "dog problem" was begun Monday night as 250 irate dog owners jammed the council chambers, emphatically voiced disapproval of the "leash law" and informed City Attorney C. N. Lavers what they thought should be included in an acceptable ordinance.

To accommodate the throng present, it was moved by Councilman B. W. Mowday that the session be held in Cornell School auditorium. He suggested that the City Attorney be instructed to draw up a resolution for the move.

On word from Lavers that the City Charter would not permit the change of meeting place, the matter was dropped.

PASS RESOLUTION

By a 3-2 majority, Councilmen Mowday and Frank Hays opposing it, the council passed a resolution to place the "leash" question before the people at the next general election.

The resolution follows: "Whereas, numerous public spirited citizens of the City of Albany have requested the enactment of an Ordinance requiring that dogs be required to be on a leash when on public streets;

"And, whereas, likewise public spirited citizens of the City of Albany have protested the enactment of such an Ordinance;

"And, whereas, the Council of the City of Albany recognizes the truth that the majority will of the citizens should govern; and finds that this is properly a matter upon which the citizens of the City should express their will;

"Now, therefore, be it resolved, that at the next general election of this City there be presented to the citizens and voters thereof, for a vote thereon the proposition whether or not dogs shall be required to be on leash when on public streets within this City."

Need of this was questioned by Attorney Irving Liner, representing the dog owners. He suggested that those concerned appoint a committee to meet with the council for the purpose of drafting suitable legislation.

"We have asked for a hearing, not a referendum," declared Mrs. Wells A. Webb, a leader in the fight to repeal the law which now makes it illegal for an unleashed dog to be on the street and states that the animal must be led by a person over 10 years of age.

"The present ordinance amounts to taking property away without due process of law," was Attorney Liner's summary.

CALLS FOR SUGGESTIONS

For the purpose of incorporation in an ordinance that will be presented next Monday night, Lavers asked for suggestions from those

AMERICA'S MOST COPIED RADIO... AGAIN A YEAR AHEAD

Council Moves To Change Law As Requested

(Continued from Page One)
present. Following are the high-
lights received:

Dogs over six months old should
be licensed at \$1.50 a year, should
wear a metal tag at all times or
be subject to impoundment. A
penalty of 50 cents will be levied
when a dog is picked up, as well
as a charge of 50 cents a day for
board.

Licensed dogs will be allowed to
run at will. This was enthusiastically
agreed on, there being but
six persons who asked to restrict
the animals.

ASKS CONFERENCE

Charging that the present method
of impounding and handling
animals is "unsatisfactory," Council-
man Hays moved that a com-
mittee be appointed to confer with
the Berkeley Humane Society on
the possibility of having the or-
ganization take over the work.

The Berkeley firm handled the
pound work in Albany until a year
ago last April when A. F. Peters
was appointed.

MRS. WELLS A. WEBB

This passed unanimously, as did
a motion introduced by Council-
man Mowday banning the gift or
sale of unclaimed animals from the
pound, to medical colleges or labo-
ratories for the purpose of ex-
perimentation.

Interviewed later, Mrs. Webb, who
lives at 843 Washington Avenue, de-
clared that she was "satisfied that
the forthcoming ordinance, which will
be drawn up without the leash clause,
will be exactly what the dog owners
want."

Her position in the matter had been
merely to obtain for these owners, the
repeal of the present stringent law, she
pointed out, and she regretted the pos-
sibility of the matter becoming a po-
litical issue, as has been rumored.

Christmas Funds For Livermore Veterans Sought

Responses to the plea of the Liver-
more Veterans' Hospital Christmas
Committee for funds with which to
provide gifts and Christmas entertain-
ment for 300 disabled veterans at Liver-
more Hospital, are coming in early
this year. Letters have been sent out
to 1500 civic, fraternal and veteran or-
ganizations in Northern California ask-
ing their support in providing Yuletide
cheer for the veterans again this
year, said Ernest E. Vehrs, committee
chairman.

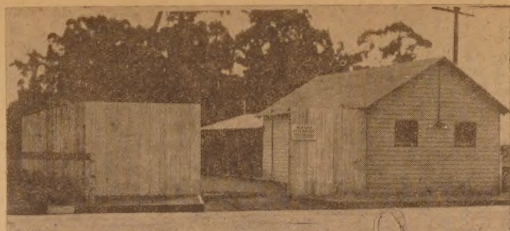

The annual Yuletide celebration at
the hospital, sponsored each year by
a group of philanthropic men and wo-
men of the bay region, includes the
distribution of many beautiful gifts,
each one purchased to comply with the
wish of each individual veteran, and
a big program of Merry Christmas en-
tertainment by professional stage and
radio artists. The Christmas show is
presented in the hospital auditorium for
all who are physically able to be present.

For the others who are confined to
their beds, the Christmas show is
brought direct to their bedsides, as
entertainers go from ward to ward to
do their specialties, according to
Vehrs.

guilty to a charge of drunken driving.
He was arrested by Officer Frank Davis
when his car crashed into another that
had stopped for the signal at the in-
tersection of Solano and San Pablo
Avenues. None was injured in the
crash.

ALBANY CITY POUND

This picture is being presented for the benefit of those who have
not seen the City Pound, located at the foot of Buchanan Street. These
quarters were built about a year ago in answer to the requests of those
who sought more modern and sanitary facilities than those in use at
the corporation yard at that time.

Breakfast Clubs Meet Together

Holding a joint meeting at De Biasi's
Sunday morning, members of the Men's
and Women's Breakfast Club gathered
for one of their usual good times un-
der the guidance of Joe Villa and Dr.
Jane Paxson, president of the respec-
tive clubs.

The session proved a surprise for the
men since they had already reserved
the restaurant for their own conclave
and it was believed that the women
would meet elsewhere, as announced.

Routine business of the two clubs
was dispensed with and the morning
was given over to good fellowship.

Mayor Asks Aid In Job Census

The fullest cooperation of Albany
citizens in the government's unemploy-
ment census, which begins Tuesday,
was urged this week by Mayor O. C.
Yenne. Cards will be distributed by
mail carriers on that date and should
be filled out immediately and returned
to them, he advised.

To facilitate the project in this city,
he has named a committee of citizens,
headed by William Green as chair-
man.

rant.

Mrs. E. Valterza and son, Mr. and
Mrs. F. Bonvicino and daughter,
Mr. and Mrs. M. Morra and daugh-
ter, A. Martino and E. Amerio.
Present as guests were Mr. and
Mrs. Tony DeBiasi.

Later that evening a reception
and dance was held at the Mac-
cabee Hall for a number of their
friends.

Frank Answer Is Shock to Aides

Officials of the State Department of
Employment were somewhat amazed
recently when they received a registra-
tion form from a Southern California
employer who hires four or more peo-
ples.

Answers to questions on the form
were:

- 1 When did you commence busi-
ness?
"One day when I went nuts."
- 2 From whom did you purchase
it?
"A fellow who was smarter'n
me."
- 3 His address?
"He's left the country."

Third Game Won By Murphy Squad

Winning their their straight victory,
the Murphy Chevrolet hoopers de-
feated the Montgomery Ward quintet
Tuesday night to the tune 45-23. The
game was played at the Oakland Tech-
nical High School Gymnasium.

Bill Winkensch's cagers played a
fast game and were leading at half-
time by the score of 27-7. Twelve of
the locals' 15 free throws were good
for points.

Jess Rubino, forward, was high
scorer for the winner with five field
goals and five tosses that brought 15
points. Clyde Hartman, also playing
forward, was responsible for 11 points.

Tonight at the same place, the Mur-
phy squad will face the Oakland Bank
of America team, leaders of the bank
division in the Industrial League.

S. F. Opera Is Visited by Girl

Among the 20 seniors from St.
Joseph's Presentation Academy
who attended "Lakme" at the San
Francisco Opera House recently,
was Loretta Bertoli, 15, of Albany.
The visit followed a custom of
long standing at the school, the
girls being allowed to choose the
opera they wished to see.

Loretta, the daughter of Mr. and
Mrs. Charles R. Bertoli, 512 Ma-
sonic Avenue, is an accomplished
dancer and has been studying for
more than eight years.

Alameda Defeats Cougars in Mud

Boggy mud at Memorial Park yester-
day afternoon proved not to the lik-
ing of Coach Ryan's Cougars from Al-
bany High. After a full period of wal-
lowing Alameda had won the contest
19-6.

Alameda's initial score came in the
first quarter after plopping soggly down
the field. The attempted conversion
failed. Second score was made in the
next quarter with the try for point
going wild.

Passes by the Cougars proved un-
availing until the beginning of the third
quarter when one clicked and six
points were gained. Final score by
Alameda was made in the last quarter.

Although beaten by a squad that out-
weighed them considerably, the A.
H. S. eleven gave a creditable perfor-
mance, according to spectators.

Due to the adaptability of arch-

that it would become a leading
part of high school athletic pro-
grams.

This club will be a part of the
City-wide archery club sponsored

Value of Bridge To East Bay Is Seen in Growth

Metropolitan Oakland's retail trade and population has shown decided increases since the San Francisco-Oakland Bay Bridge opened one year ago today, it was announced by William P. St. Sure, chairman of the Metropolitan Oakland Committee.

The population gain in Metropolitan Oakland has been general throughout the eight cities of Alameda County, St. Sure said. During this year, 1970 families have moved here to make their homes. They have come from San Francisco, other cities in California and from out of the state.

Three hundred and forty-two of these families moved here from San Francisco since the opening of the bay bridge, while 732 families are from other cities in California and 496 from out of the state.

"During August and September, of this year, 59 and 56 families, respectively, moved into Metropolitan Oakland from San Francisco," the Metropolitan Oakland Committee chairman stated.

"This increase in population has been so pronounced during the past few months that residential construction has been unable to keep pace with it."

During the first ten months of this year permits were issued for the construction of 1350 single family homes in Metropolitan Oakland at an estimated cost of \$6,356,270. The same period a year ago saw only 1224 single family homes constructed here at an estimated cost of \$6,064,894.

Despite this gain in residential construction, the occupancy rate of single family homes in Metropolitan Oakland is 98.5. A year ago the occupancy percentage was 97.5.

Many residential areas in Metropolitan Oakland have an occupancy percentage above the average. They include North Oakland, 98.6 per cent; Piedmont, 99.7 per cent; Fruitvale, 98.8 per cent, and Elmhurst, 99 per cent.

Retail trade throughout Metropolitan Oakland, despite strike conditions on the waterfront during the past year, shows a gain of 4.4 per cent for the period November, 1936, to November, 1937, as compared with the same period the year previous.

"During the year that the San Francisco-Oakland Bay bridge has been

"Construction of new arterials and reconstruction of others in Metropolitan Oakland now are going forward that our residents may have the advantages of 'high-speed' traffic."

Beauty, Economy Featured in New Circulating Heaters on Display

**YOU CAN'T BEAT
CONTROLLED GAS HEAT**

Like a console table, "high, wide and handsome," the new 1938 gas circulating heater takes its place in the fine furniture scheme of the modern home. Every housewife revels in a beautiful piece of furniture and how much more does she enjoy a new addition to her rooms if it is a useful one.

The new console type of gas circulating heater stands attractively against the wall, giving the impression of beauty and charm. These new models are produced in delightful streamlined effects. Satin black finish, highlighted by chromium grates and legs, or exquisite grained walnut brown with chromium touches, give perfect eye-appeal. See them at the University

Plumbing Company or Granholt Sheet Metal Works.

But the performance of the new gas circulating heaters is equally perfect. It is well known that air when heated and properly circulated not only gives off heat but is purified in the process. For this reason the new heaters are without odors or soot, and are the acme of healthy, comfortable, convenient heating.

To top the list of triumphs, the new models may be equipped with the automatic heat control thermostat, which, when once regulated, keeps the rooms at the same even temperature. Economy of fuel and added comfort and convenience are the result, for you can't beat controlled gas heat.

Chance to Visit Fair Is Offered

Eleven Western States will be represented at the "Discovery Voyage" celebration on Treasure Island Sunday afternoon, November 21.

This was announced by W. P. F. Brawner, chairman of the special events committee of the 1939 Golden Gate International Exposition in charge of the affair at which the San Francisco Bay site of the World's Fair will be turned over by the U. S. Army to the City of San Francisco and dedicated to the Exposition.

Federal, state and civic dignitaries will attend the celebration in which service units and bands will participate.

It will be the first opportunity for the public to land on and inspect the World's Fair site. Special ferry service has been arranged to accommodate the crowds who will participate in the celebration — but because Exposition palaces and towers are in course of construction, only a limited number can be accommodated and admission to the Treasure Island ferries will be by advance sale of tickets.

The first ferry will leave the Ferry building at 1 p. m. Tickets are now on sale at Exposition headquarters, 585 Bush Street; Union Square Pavilion, Manx Hotel, Downtown Association, Chamber of Commerce, Junior Chamber of Commerce, Advertising Club, O'Connor-Moffatt's, Roos Brothers, Spaldings and newspaper offices.

One of the first tickets for the Treasure Island celebration was purchased by Governor Frank Merriam, who will make a brief talk at the dedication ceremony.

Building of Treasure Island, largest man-made island in the world, has been hailed by experts as one of the outstanding engineering feats of the West, ranking with construction of the Bay bridges and Boulder and Booneville dams. The greatest concentration of dredges in history — more than were used in building the Panama Canal — was employed in raising the 440-acre island from the bottom of the Bay. Army engineers did the job, at a cost of approximately \$4,000,000, placing 20,000,000 cubic yards of sand inside a rock sea wall built with 280,000 tons of rock.

Mr. and Mrs. J. D. Grady, who formerly operated a cleaning business here, have moved back and are now living at 1009 Evelyn Avenue. The couple has been living in Berkeley for the past year.

Mrs. Lillian Christanson of 727 San Pablo Avenue has just returned from a week's visit at the home of her aunt, Mrs. Dan Dutro of Livermore.

Zenith Plan Praised by Albany Firm

Complete approval of the new Zenith Insured Value Plan, was announced this week by Yonge and Eldelsen, Albany eZnith Radio dealers at 1501 Solano Avenue.

This new plan, it was explained, offers protection for purchasers of new Zenith Radios. Each buyer is given a written guarantee which covers the price and value of the radio.

The plan originated this year at the Zenith Radio Corporation in Chicago. Nothing of the sort had ever been done before in the radio industry and the idea has been praised throughout the country as an honest effort to protect the American public.

Formerly many purchasers of radios have paid high prices for sets obtained during the autumn and early winter months, discovering shortly afterward that the same radios were being offered at cut prices.

Zenith gives written protection against such a practice. According to the company they guarantee that there will be no price cut on any Zenith model before the spring of 1938. Zenith, its makers affirm, is not priced excessively high now so that prices may be reduced and represents an honest value.

"We have studied the radio business for a long while," states R. Stillman, manager of Yonge and Eldelsen, "and Zenith impresses us most favorably for two reasons—first, the extremely fine quality of radios offered at such moderate prices, and the completeness of the Zenith line—by that I mean that no matter what sort of radio a person wished to purchase, they would find that Zenith had a more attractive, more up-to-date and an all 'round better radio for the money. We are extremely pleased to be Zenith Franchised Dealers."

The device, intended to prevent further theft of goldfish by cats, has been disconnected, according to Sergeant Charles Hardie.

Death of the dog, a pet of Victor Dougherty, 6, of 937 Jackson Street, occurred when the animal attempted to drink from the pond and was electrocuted. The boy saw the animal writhing and was stopped by Askew from touching it.

No Action Looms In Death of Dog

Further action against Harry Askew, 935 Polk Street, whose wired fish pond caused the death of a dog last week, has been dropped following a consultation with Deputy District Attorney F. Kennedy Jackson, according to lo-

AT ALBANY HIGH SCHOOL

By BILL SAVAGE

Netmen in Win

The Cougar tennis team nosed out the Oakland High squad in a meet here last week. The score at the end of the afternoon found Albany with five matches to Oakland's four.

Eugene Miller, Bill Wiley, Stanton Hawkins, Clayton Sandoe, Robert Foley and Pat Derby played for Albany.

Armistice Assembly

The annual Armistice Day assembly was held Wednesday. The program was furnished jointly by Albany and Alameda High Schools. The reason Alameda participated was to create a feeling of good fellowship for the football game played yesterday.

Alameda sent a student representative and the Girls' Glee Club. Louis Marengo and Marjorie Meredith of A. H. S. gave appropriate speeches.

A short dramatization, "Peace", was given by Ann Robertson, Dolores Shubat, Gloria Marshall, Norma Talmadge and Don Ward.

The Patsy? — ? ? ?

"The Patsy" is the title of a humor play to be presented by the Junior Class of Albany High. The play will be presented Wednesday and Thursday evenings of next week. The auditorium of the Veteran's Memorial Building will be used for the presentation.

The story is about Patricia Harrington and the manner in which she is treated by her family and the world in general. She has an older sister who dominates her constantly. When anything goes wrong the Patsy is blamed. Mr. Harrington, the father of the "Patsy", decides that things have gone far enough when younger daughter is forced into the background in order that her sister may be presented to advantage. The climax of the story is reached when —, but that would give the story away.

The cast includes some very capable

students from the eleventh grade. Jack O'Leary, Vincensina DeBlasi, Wanda Medina, Erico Lenzi, Marcella McClellan, Wesley Larsen, June Marshall, Don Kleinmaier, and Bob Woolworth are listed in the cast of characters.

Archery Club

Under the supervision of J. Kelly Bryan, physical education instructor, an Archery Club was formed at the High School last week. At the first meeting Dan Talt was elected president and Charles Savio, secretary.

If the organization is successful, a team of archers will be chosen to meet the teams representing Alameda and Richmond High Schools.

Cougars to Battle Dons

The Albany High eleven travels to Pleasanton this afternoon to meet the Dons of Pleasanton High. This will be the second S. A. C. A. L. football game Albany has played this season. The Cougar reserves lost the first game to Emeryville. Coach Ryan states that as the last A. C. A. L. game of the season was played with Alameda yesterday, some varsity men as well as reserves will play.

Albany Defeated by Berkeley

Playing on the local gridiron last Friday, the Albany High Cougar eleven dropped a 7-0 decision to Berkeley High.

The Berkeley Yellowjackets made their touchdown in the second quarter when Mel Reid completed a pass to Wolf on the Cougar 14-yard line. Wolf ran the rest of the way to score. The conversion was made by Reid.

Ray Arnold, stellar backfield man of the Cougars, played his first game in three weeks. A sprained ankle kept him out of the Piedmont and Richmond games. In the fourth quarter, Arnold sparked a 53-yard drive with his long passes. The drive was halted on the Yellowjacket 27-yard line when a fourth down pass was incomplete.

Morris, presented a demonstration and talk on First aid work for the annual dinner of the Alameda Chapter Red Cross. Tuesday afternoon a one act play was presented on KLV where the entire group was presented on the Junior Worth While Citizens Program, under direction of Ray L. Laws. Additional demonstrations are being planned for the last of the month and during December.

Mr. and Mrs. Fred Houser of 1107 Curtis Street and Mr. and Mrs. Peter Schiller of 1013 Pomona Avenue were guests of Mr. and Mrs. Don Adams at their cabin near Old River last Sunday.

ALBANY POST

NO. 292

In keeping with the program for the Armistice Day week, Albany Post Legionnaires have a busy schedule. This week also being National Education Week, Commander Ammon A. Cook urged members to visit the schools of Albany during the period.

The Post received an invitation from the fifth grade pupils of Marin School to attend and participate in the patriotic program staged Wednesday. Past Commanders Walter Holland and J. R. (Bob) Moore and First Vice Commander Walker Lyon attended these exercises.

There was an extra large turnout of the members at the last regular meeting to hear Backfield Coach Irwin Uteritz tell how California plays football but he made no prediction on the outcome of the California-Washington game which ended as a scoreless tie. The University also had a ten-voice glee club at the meeting. This club rendered several California songs and were called back time and time again until their complete repertoire had been sung. Moving pictures of the 1936 California-Stanford game were shown.

The Post had as guests the visitation committee of the Tenth District under Chairman Ted Kuhn, also Charles Moore, principal of the Albany High School, and Eugene Baker, principal of the Marin School. Principal Moore, in addressing the meeting, said he believed some arrangement could be made next year for the Post to sponsor or co-sponsor a football game between Albany High School and some other team. He offered this as a suggestion in view of the fine work Albany Post has done in the past, and the interest it has taken in Albany schools.

Sergeant at Arms Howard Hill and Marshall Godfrey Hansen were ordered to have the Albany Post colors in the Armistice Day parade held in Oakland yesterday. All members of the Post who were free to participate in the Oakland parade were urged by Commander Cook to do so.

Mr. and Mrs. E. W. Arnold and children, Robert, Raymond, Ewell and Elinor, of 966 Ventura Avenue, visited the former's parents, Mr. and Mrs. J. W. Arnold of Oroville, recently.

NEWS OF LELAND BERGESEN AUXILIARY

The regular meeting of the Leland Bergesen Auxiliary to Post No. 2658 was held at the Albany Memorial Building with President Olive Blair presiding.

Guests of the evening were Alice Powers, department treasurer; Rose Worford, of the Astor Auxiliary; Mae Brown of Waterhouse Auxiliary, and a member from the Berkeley Auxiliary.

A wedding miscellaneous shower was given to Sister Ruth Skover-ski and many lovely gifts were received. A large delegation of Sisters, jointly with the Post visited Livermore Veteran's Hospital and distributed cigarettes. Doris Krueger was initiated into the order.

The Alameda County Council will meet on Tuesday, November 23 as guests of Alameda No. 85 in the Alameda Memorial Building. Don't forget our Turkey Whist on Friday evening, November 12.

Albany Hive Has Regular Meeting

With Mrs. Willie Stevens of Golden Poppy Hive as a visitor, the Albany Hive of the Maccabees held an interesting meeting last week at the Maccabee Temple.

Mrs. Celia Savio presided. Plans for starting a drill team were discussed and those interested in the idea have since held a meeting at the home of Mrs. Irene Borges, 613 San Carlos Avenue. Winners at the recent turkey whist, which was well attended, were A. Dixon, Mrs. Foley, Mrs. Howard Hughes, Manuel Borges, Mrs. Bessie Jacobsen and Mrs. Edna Endriss.

Mrs. Peter Schiller will entertain members of the Pixilated Octagon Bridge Club at her residence, 1013 Pomona Avenue, next Monday evening.

The 1937 Harvest Festival coming for six nights to the Oakland Auditorium on Monday, November 15, promises to be one of the most interesting as well as entertaining affairs of its kind. Among the exhibits will be the official General Motors display of its new 1938 Chevrolet and also a Progress exhibit sponsored by the Golden Gate International Exposition. Mural photographs, models and other interesting material attendant upon the progress of the coming World's Fair will be shown.

Many features will be on display and the Festival also boasts of one of the entertainment scoops of the year in the appearance nightly of Jan Garber and his celebrated dance orchestra. Garber, known as "The Idol of the Air Lines" will play his famous dance tunes nightly from 8 p. m. until 1 o'clock during which time the public will have the opportunity to dance to the celebrated rhythm. The Jan Garber orchestra is also noted for the versatility of its members, each one being an individual, vocal, musical or comedy artist. Garber is quite famous in his own right as a comedian.

The 1937 Harvest Festival is to be an annual event under the direction of Walter F. Jacobsen. Auditorium doors will open nightly at 6 p. m. The admission price is only 35 cents.

Scott, 2419 Ward Street; Mrs. Milton Farmer, 203 Hillcrest Rd.; with Mrs. Jarvis Clark, associate Chairman, 24 Eucalyptus Rd.; Walter E. Teasdale, 1015 Ramona; with Mrs. Lela J. Each area chairman will have jurisdiction over ten precincts.

Detton Stars On Mat Bill This Evening

Dean Detton, once ruler of the heavyweight wrestling crown, goes postward, Friday night at the Oakland auditorium, facing Alex Kasaboski of Detroit, in the feature match on Promoter Ad Santel's all-star card.

Promoter Santel has signed the pair to work over the two-hour, three fall route.

Detton lost his title to Bronko Nagurski several months ago at Salt Lake City. Since that time he's been engaged in more than two score bouts. He still is a great favorite with fans from the Pacific shores to the Atlantic. Twice he tangled with Bronko in title affairs, but came out on the receiving end.

Dean is certain if given another chance with the champ, he can again rule as tops. Detton sprang into the wrestling limelight after he finished his schooling at the University of Utah. While attending school, Detton proved a great football player.

He can either work on scientific basis or rough style.
Kasaboski is a newcomer to Oakland and has caused his opponents in the past plenty of havoc. If he can pin the former champion, more and better matches are in store for him.

The Detroit bone twister knows little about the science of the game. His working methods are of the rough and tumble type.

In his second bout at the Oakland arena, fans showered him with everything but chairs.
"Red" Vaggonne of Italy, tangles with Jack Manuel of Los Angeles, in the semi-final match. It's scheduled for 30-minutes, one fall.

Vaggonne only recently returned to the coast after a successful bit of bone crushing on the eastern front. Many declare him a great showman. Manuel always gives a good account of himself in the ring.

Walter Sirois, the man who was ordered out of Canada because of his foul play, meets Rudy Brenner of New York, in a 30-minute, one fall match. Sirois played too rough with his opponents in his old home town. He stops at nothing. Walt likes nothing better than to toss right crosses. Maybe Brenner can prove the master if he works on the same order.

Mike Boskous of San Francisco, meets Leo Jensen of Denmark, 30-minutes, one fall.

Leo Narbares, Oakland's own, comes out of retirement, tangling with Walter Lech of Portland. Narbares was taught the trade by Santel.

His last bout here was with Dr. Freddie Meyers. He flattened the Doc without much trouble.

Mrs. Ruth Lansing of 1270 Portland Avenue, who is attending Heald's Business College, was recently initiated into the Phi Lambda Theta Sorority.

Each precinct in turn will be in charge of a Precinct Chairman responsible to that area chairman. Under the direction of each precinct chairman will be a group of ten to twelve rollcallers. Completing the system and assuring its effectiveness, each rollcaller will be provided with twenty-five cards bearing the names of residents in the rollcaller's own neighborhood, to each of whom he will extend an invitation to become a member. The ultimate goal is the enrollment of every adult in the cities of Berkeley and Albany.

Organization of the precincts in all reports is now well under way, reports the membership committee, and a full force of workers is rapidly being recruited. Any one who may wish to serve is invited to communicate with the Membership Chairman at the Chapter House, 2116 Allston Way, Berkeley 1430. While the traditional roll call period for the Red Cross is November 11 to 25, Berkeley Chapter has prepared for an intensive three-day effort, stressing November 15, 16 and 17, in the expectation of accomplishing 80 per cent of the roll call within the three-day period.

Locals Blank Oakland Team Last Sunday

Behind the perfect hurling of Elmer Vigri who pitched a no-hit, no-run game, the Albany Merchants took the measure of the O. K. Battery team of Oakland Sunday at University Park. The final score was 3 to 0.

Vigri struck out four of the visitors, allowed none to get past first base during the contest.

The only event to mar an otherwise perfect afternoon came in the eighth inning when Esco Burnett, Albany third baseman, caught a line drive and dropped it. This precipitated an argument among the players that was finally settled when the umpire ruled that it was an error.

Two hits each were secured by Burnett, Dick Huston, Frank Souza and Vigri. Huston, Albany's slugging first baseman, hit one of his over the scoreboard in centerfield, a distance of 435 feet.

The game also offered some fine catches in the outfield by Bobby Nora and Burnett, according to Manager Jake Nora.

This was the second no-hit, no-run game in which Catcher Souza has played. His other occurred two years ago in the Oakland Tribune tournament, it is reported.

"Lefty" Charles, one armed pitcher, took the mound for the Batteries in the third and prevented the locals from adding to their score.

By this win Albany is tied with St. Mary's College for first place in the Berkeley City League. The teams have won three, lost none.

RECREATION NEWS

More than 100 archers of the East Bay are expected to appear in this city next Sunday in a meet sponsored by the Recreation Department, this block cut reminds. Local experts will vie with those from Berkeley, Alameda, Richmond and Oakland clubs in an all-day competition at University Park. A number of fine awards are to be given local winners. —Linoleum Block by Vernon B. Smith.

Another of the many important events staged for Albany residents by the Albany Recreation Department and its Federal Recreation Project will be held next Sunday morning and afternoon, November 14, in University Park, (foot of Buchanan Street), starting at 9:30 a. m.

Nearly 100 men, women and junior archers from Oakland, Alameda, Berkeley and Albany are expected to participate in the many archery events scheduled for the day. Director Thomas L. Farnsworth announced that he has also sent invitations to clubs from Alameda and Berkeley. Several archery experts have been asked to attend and match shots with the club bowmen.

The Alameda and Berkeley clubs have promised to be out in full force in an effort to seek revenge for their recent defeat at the hands of Albany in a tri-city handicap tournament.

Prizes for the events to be held in the morning on the large softball and cricket fields, will be awarded only to Albany archers. J. M. Deeds, archery instructor for the Berkeley club, has donated a splendid yew stick for the high score boy archer and a glove for the high girl. Various felt wards, made especially for the events by the WPA handicraft section of the

department, will also be distributed to winners.

Commencing at 9:30 the first event will bring together Albany women and juniors (boys and girls) in the competitive shoot for distance. At 9:45 the men will step up to the line to test their ability in the same event. Regulation hard bows and target arrows will be used in both divisions of the distance shooting.

At 10:00 the clout shooting contest at the regulation 48 foot target will take place. The juniors and women will shoot from a distance of 100 yards, while the men will stand at 140 yards in their effort to hit the center of the prone target.

Following the clout shoot an Art Young big game shoot will get under way. In place of the lions, tigers, and other wild animals Art Young brought down with his bow and arrow, card board animals and birds will be placed about the field for the shoot honoring the big game hunter.

With time out for lunch the Albany junior American round, the women's Columbia round, the double American open will begin at 1:00 p. m. The juniors and women will shoot 30 arrows each from 50, 40 and 30 yards, while the men will shoot 30 arrows from 60, 50, and 40 yards, and repeat. Target fees for this event will be 15c and 25c respectively.

A novelty type of shoot, the nature of which has not been divulged is also being planned for the day's field events.

Recreation leaders of the WPA project will assist Farnsworth in handling the affair by policing the grounds to prevent injuries from stray arrows and by handling the various contests.

Club members from Alameda, Berkeley and Richmond will participate. The team from Berkeley will consist of J. M. Deeds, William Auman, Lester Burpee, Fletcher Palmer, and Bill Simonds.

Mothers Guests At School Tea

A bird impersonator, tap dancer and vocalists added variety to the tea given for the mothers of students of the low eighth grade at the Albany High School last Tuesday afternoon.

Mrs. Archie G. Miller was in charge assisted by Miss Winifred Goode, Miss Claire Robertson and Leonard Callan. The guests were welcomed by Don Anderson, president of the student body.

Appearing on the entertainment program were a male quartet consisting of Hugh Leather, Billy Brown, Thad Lee and Donald Muirson; Norma Holm, who sang "The Indian Love Call"; Robert Goree, who gave bird calls, and Vera Wilson who did several tap dances accompanied by Mae Ellen Smith.

Tea was then served by the students to the guests who were seated at tables decorated with rust-colored chrysanthemums.

A 1 o'clock luncheon followed by an afternoon of sewing was enjoyed by the Mothers' and Daughters' Club at Mrs. Jack Dohoney's home, 523 Curtis Street, last Wednesday.
